GET TO KNOW ME

About Me & Career Objective

A quick introduction to who I am and what I'm working toward.

About Me

I'm a second-year B.Sc. student with a genuine curiosity for how brands grow online. Alongside my degree, I am pursuing structured digital marketing course covering SEO, Google & Meta Ads, and content strategy — and put it into practice by building websites and running social media for a real family business. I enjoy hands-on learning far more than theory, and I'm now looking to bring that energy to a team as an intern or entry-level marketer. Outside of academics, I'm also a swimmer, which keeps me disciplined and focused.

Career Objective

To secure an internship or entry-level role in digital marketing where I can apply my skills in SEO, paid advertising, and content creation — while learning from experienced professionals, contributing fresh ideas, and growing into a well-rounded marketing specialist.

ACADEMIC BACKGROUND
